Another Falsehood Nailed!

The Union & American's Spring Place ROORBACK!

We call the attention of the public to the nounced by responsible men over their proper signature in the True Whig. The men and the party who stoop to such base purposes to deceive an intelligent people into voting for Andrew Johnson, are the same who talk about "Murrell men," and call members of the American party by all the abusive epithets in their reach. Let them go on. Their time is coming, and though they may become even more desperate and reckless than they now are, their

Spaing Place, July 25, 1855. We, the undersigned, officers of Cass Council, No. 346, located in Spring Place, do hereby certify that the rumor published in the Union and American of this date, that out of eighty three members of this Council, eighty had withdrawn last Saturday, is a BASE FALSEHOOD. Since the organization of this Council there have been but five withdrawals.

> J. EVANS Pres't J. M. SHELTON, V. Pres't. M. D. BINKLEY, Inst. JAS. D. WOOD, Sec'y.

Of the character of the gentlemen whose signatures appear above we need not speak They were formerly members of both the old political parties, and their veracity will not be questioned with impunity.

The following is the statement of the Union and American, published yesterday, which drew out the certificate:

Will the Gazette tell us how many know nothings left the lodge at Spring Place on last Saturday? Our information is that out of eighty three, eighty withdrew on that day. We suppose the trio left behind were the officers, who staid to "pro gress." Sam must have an attack of cholera about this time-by August he will lie in a collapsed state, unless some of the faithful will come to his

Meeting at the Brick School House.

Saturday last. There was a fine andience declined to 4c. present, comprising many ladies; and a most eloquent, argumentative and effective speech erry market, and for particulars refer to our Price of two hours in length, was made by WM. G. BRIEN, Eq. of this city. The meeting was a fine one, and had a good effect. Sam's boys are all right in that bailiwick.

Election of Directors.-The annual election of Directors of the Building and Loan Association will take place on Monday night at the Merchants exchange. The first annual Report of the business of the association wil be read. The sale of the money will come off at the same place on the following night.

Batter Yet From East Tennessee-A Mystery Explained.

We have been unable, heretofore, to account for the Union and American's very wild and visionary calculations upon the vote of East on Charleston, Savannah and Augusta 1 per cent Tennessee. But the letter from our Loudon premium. correspondent suggests a solution of the mystery. It appears that an old Democratic friend of our neighbor's, who used to keep him posted as to East Tennessee, has stepped into the RATES OF EXCHANGE, UNCURRENT FUNDS, &c AMERICAN ranks, and now gives us the benefit of his information and advice. Here is the letter. Read its cheering statements.

Correspondence of the Nashville True Whig. Lornos, July 21, 1855. Mr. EDITOR :- Sir: Let me say to you, (and upon which you may rely) that no credit for truth should be given to the accounts furnished Mr. Eastman by East Tennessee correspondents. Andrew Johnson, instead of making gains over his vote two years ago, will be beat at least twenty five hundred votes East of the mountains. Gentry will make a gain over Henry's vote in all of the counties in this division of the State, save some three or four, and , in some largely. In this (Roane) more than one hundred, (the Roane correspondent of the Union to the contrary notwithstanding) I used, during the days that Mr. Eastman remained true to the American Democracy, to furnish him with correct and reliable information as to probable results in this end of the State, which he will not deny. I like Eastman and dislike much to see him imposed upon, and he thereby made innocently to dupe the people. The friends of the American party may rely upon the above. Let us all but do our duty up till the last vote is put into the box on the 2d day of August, and a glorious triumph will be the result for the American party over the corrupt leaders of the anti-American party.

AN AMERICAN DEMOCRAT.

QUERY?-Where did the editor of the Union and American get his information that Judge gold-American Gold,. BRIEN replied to Gov. Johnson at Knoxville? BILVER, Our information is, that both Gentry and LAND WARRANTS - 40 acres \$79, 80 acres \$75; 160 acres \$ Johnson declined, by agreement, to fill their appointment at Knoxville, and that the friends Land Warrants to dispose of of both also declined speaking.

Another Round of the "Jacob's-Ladder Democra-

cy" gone. By the following note it will be seen that J. W. Youngblood, Esq., - who has for some years past been the editor of the " Bedford Yeoman," and more recently the editor of the "Jackson Central Democrat,"-has left the anti-American, converging-line, progressive democracy, and is now doing noble work for the great American cause,

Correspondence of the Nashville True Whig. Spring Creek, Tenn , July 23, 1855. Mr. Epiron: -On Saturday last the American party gave a barbecue at this place. A large crowd was present. Henry B. Warren, Alvin Hawkins and J. W. Youngblood, former editor of the Bedford Yeoman, and more recently of the Jackson Central Democrat, delivered addresses on the occasion. I will not trespass on you by giving a detailed account of the proceedings. Suffice RIVER NEWS .- The Cumberland was swell- it to say, "Sam" was here in all his glory. After good men and true were added to our numbers.

> RECORDER'S COURT .- A negro woman was taken before the Recorder yesterday for living in an out house without a written permit, and her proprietors fined \$10 and costs. Attend to your slaves.

R-spectfully,

Parmelia Street was up again for violating the corporation law to suppress disorderly houses, and fined \$10 and costs.

FINE MELONS AND APPLES .- We are under parfollowing little document which was handed ticular obligation to our friend Smatt for a lot of into our office vesterday. It demonstrates the finest melons and horse apples we have seen conclusively the character of the "information" this season. Mr. S. resides about six miles distance to which the Union and American is in the and will be in the city three times a week, with habit of treating its readers morning after fresh ripe and delicous fruits; his cariole can be morning. And let it be remembered that this known by its having painted on the sides of the is not the first statement of a similar nature, cover "Apples and Melons" Not being able to published in that sheet, which has been de attend market, our citizens will find him on the Street between 10 and 11 o'clock from three to four days in every week. -

The Canvass for Governor. Accounts reach as from all parts of the State of favorable indication of the success of our canidate. If East Tennessee will do her duty, and we confidently believe she will, we have no fears as to the result. Gentry gains triumphant victories over Johnson in every speech. We conversed with an intelligent Democrat from a sister State, who heard them at Bean's Station, and he informed us that he never saw a man "used up" as Johnson was-it was a "one sided" affair altogether-as at Bean's Station, so is it every they speak in East Tennessee .-Dandridge Heraid, 20th.

Letter from Hon. John Minor Botts, of Virginia. RICEMOND, July 9th, 1855.

Mesers, Wm. S. Berss & Co., Genis.—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of "Carter's Spanish Mixture." for that almost incurable disease, Scrofula.

Without being disposed or deeming it necessary to go into the particulars of the case, I can say that the astonishing results that have be seen. ing results that have been produced by the use of that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted and all the usual remedies had filled, fully justify me in recommending its use to all who may be suffering from that dreadful malady. I do not mean to say that it is adapted to all constitution or that it will afford the same relief in all cases; for, o course, I can know nothing about that—but from what have seen of the effects. I would not hesitate to use it, it any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or

jv21—tsept1 JO: To the Citizens of the Southern and

Western States. Learning from my agents and correspondents in various parts of the country, that my Schiedam Aromatic Schnapps is extensively counterfelted, especially in the Southern and Western States, and finding that the pirates daringly adbelongs to my article. I think it necessary to caution the community against these venders of poison in disguise. I introduced the schiedam Aromatic Schnapps for the purpose of supplying the medical faculty and the whole community with a pure medicinal spirit, which might be prescribed with confidence in all cases where stimulants were required, without producing the fearful consequences which invariably result from using adulterated liquor. In order to render assurance doubly sure, I had the article applying d by chemists of world wide celebrity, and submitted it for experiment test to thousands of distinguished medical practitioners. The responses from these sources were of the most unequivocal and satisfactory character.— It is now before the public, surrounded with these guarantees, and hearing these unimpeachable endorsements, and I call upon the community to protect themselves and meheir own health and my reputation-by frowning down and repudiating the piratical speculators who are peddling their foul commodities under cover of my trade mark. No article had ever been imported from Holland into this market, on der the name of Schnapps, previous to the appearance of Wolfe's Schiedam Aromatic Schnapps, in this city.

The first importation being made into this city in the year eighteen hundred and forty-eight, which can be seen by the Custom House books, I deposited me tabel as a trade mark in the U. S. District Court of the Southern District of New York, in the year eighteen hundred and fif y-one, and have the certificate in my po session of that date. The great demand which has thus been created for the genuine aricle, has set the whole hive or counterfeiters in motion, and the duty I owe to my customers and friends, and the public, compels me from time to time to put them on their guard against imposition. I have established a depot at 25 South Front street, Philadelphia, where the Western merchants can draw their supply at New York prices.

It has long ceased to be fashionable to "puff" patent med-I cines, or do any thing to enhance their sale: not from any particular prejudice that has arisen in the public mind against them, but simply from the worthlessness of nearly all the "great remedies" crowded into the market. And, furthermore, he will soon become satisfied that his caution to the citizens of the "Southern and Western States" will avail him nothing as far as I am concerned, for the character of my Schiedam Schnapps is too well established in those States, to be bijured by any such invidious publiration.
